

Paper Void Fill Machine On Floor Stand

Respond, Resolve, Rely, Reduce

The Omni Paperfil™ Paper Void Fill Solution will elevate your packing efficiency with ease! Paperfil™ Paper Void Fill Dispenser is ideal for e-commerce stores, packing centres, and distribution warehouses.

This compact and easy-to-operate packaging machine is the cornerstone of an efficient packing line.

Key Features and Benefits:

- **User-friendly:** simple setup with minimal assembly, the Paperfil™ dispenser is a breeze to operate, ensuring your packing process is seamless and hassle-free.
- **Adjustable & mobile:** free-standing and height adjustable, it fits various work environments. Being portable, you can position it exactly where needed.
- **Four operational modes:** cater to your unique needs with manual and auto modes, plus additional settings to ensure optimal operation for your needs.
- **High-speed output:** the machine dispenses paper up to 70 metres per minute, keeping up with the most demanding packing requirements.
- **Effective protection:** ensure your products arrive in pristine condition with eco-friendly, shock absorbent paper that cushions against impacts during transit.
- **Sustainable:** made from recycled materials, FSC certified and 100% recyclable, our PaperFil™ void fill paper is an eco-friendly packaging solution that your customers will appreciate.
