Paper Void Fill in Dispenser Box

Respond, Resolve, Rely, Reduce

Embrace a convenient, effective, and sustainable paper packaging solution. The Paperfil™ Paper Void Fill is now available in handy dispenser boxes, ideal for retail stores, and e-commerce packing centres. This 100% curb-side recyclable and compostable void fill material is not only sustainable but also offers excellent protection.

Key Features & Benefits:

- **Eco-friendly:** make a positive impact on the environment, with our FSC certified paper and made from recycled materials.
- **Convenient dispenser box:** no need for bulky machines; our dispenser box with handles is compact and portable.
- **Strong & durable material:** With 50gsm and 80 gsm options available, our Paperfil™ is 380mm wide by either 310 metres or 500 metres long, ensuring that products are effectively protected from damage while in transit.
- **Superior protection:** designed to be a superior shock absorber, the paper void fill protects your items during transit.
- **Versatile use:** this eco-friendly packaging option is perfect for ecommerce stores, small businesses and packing centres looking to enhance packaging practices while being mindful of their environmental footprint.
