

Honeycomb Paper Wrap Dispenser Dual Roll

Accommodating rolls of both honeycomb and tissue paper, the Dual Roll Honeycomb Paper Wrap Dispenser provides a streamlined and efficient wrapping solution. Its convenient, robust, and compact design is ideal for e-commerce stores and distribution centres.

Key Features & Benefits:

- **White interleaf tissue paper integration:** to ensure that your items are effectively protected and presented beautifully, this dual dispenser is crafted to work seamlessly with white interleaf tissue paper, adding a touch of elegance to each package.
- **No-cut easy tear:** the easy-tear design of our dispenser allows you to effortlessly pull and tear the paper at the desired length, increasing speed while maintaining safety in the workplace.
- **Time efficiency optimised:** streamline your packing process with a dispenser that's built for efficiency.
- **Eco-friendly solution:** embrace sustainability without compromising on quality. The honeycomb paper wrap is a sustainable alternative to traditional plastic bubble wrap.
- **User-friendly operation:** loading and unloading rolls onto the dispenser is a breeze, ensuring that your packing operations proceed without unnecessary downtime.
