Omni 110

Poly Strapping Machine

Semi-Automatic

The Omni 110 Poly Strapping Machines are a fast and affordable Semi-Automatic machine. These Machines straps the band around the carton or product being strapped, tensions the strap tight and seals it by heat or friction weld. These strapping machines are used as an excellent alternative to manual strapping tools as it provide a much faster and more secure strapping solution.

Specifications	
Power source	240V 50Hz 1 PH 0.25kW 2.5A
Packing speed	≤ 3 second/path
Tension range	5-50kg
Hot-adhering position	bottom
Working table height	730mm
Min. packaging size	60mm x 60mm
Applicable PP strap	width: 6mm-15mm, thickness:0.5mm-0.85mm
Applicable PP strap spool	inner dia.:200mm~210mm~outer dia.:400mm~500mm,width:160mm~190mm
Electrical configuration	P.C. Board control electrical: switching power supply motor: DC motor 24V
Machine size	L900mm x W560mm x H730mm
Shipping size	L930mm x W600mm x H850mm
Weight	N.W:85KGS G.W:95KGS

Features:

- Double motors
- Easy to move due to castors
- Externally adjust tension force, cooling time and length of sending strap
- Hinged top plate
- Reliable P.C. Board control
- Simple design, easy operation, easy maintenance
